

2019-2021 Dr Buch's Report on Business (Time and Worth)

	Income Due	Hours	All Income	Income Obtained
2019-2021 Grand Total	\$65,812.50	2634	\$146,462.24	\$4,837.48

Most of my income has been inherited wealth for the last four years. Earned income has not matched the input of my professional work. The quality and importance of my work is not understood to institutional decision-makers and potential clients.

The following calculations are the full four quarter figures of the 2019-2020 financial year and the 2020-2021 first three quarters. The hour rate is based on an underpaid \$25.00.

QUARTERS	INCOME DUE	Hours	All Income	Work Income Total
2019-2020 1st Quarter	\$7,187.50	289	\$80.00	\$0.00
2019-2020 2nd Quarter	\$8,750.00	350	\$16.92	\$0.00
2019-2020 3rd Quarter	\$8,772.50	351	\$106,243.80	\$4,200.00
2019-2020 4th Quarter	\$9,477.50	379	\$9,468.43	\$407.48
			TOTAL	\$4,607.48
2020-2021 1st Quarter	\$11,575.00	463	\$29,605.09	\$0.00
2020-2021 2nd Quarter	\$7,787.50	312	\$250.00	\$0.00
2020-2021 3rd Quarter	\$12,275.00	491	\$798.00	\$230.00
2020-2021 4th Quarter				
			TOTAL	\$230.00

I earned more in the previous financial year than the \$230 provided by a Japanese student exchange company, this year, for producing a two-week mini-curriculum design and delivering three 40-minute lectures.

Work Area	HOURS	Value of Work @ min \$25 per hr
1. Business and Local History Administration	475.9	\$11,897.50
2. Reading and Project Management (Research and Notation)	150.5	\$3,762.50
3. Education and Teaching (Research and Writing)	838.6	\$20,965.00
4. Professional Mapping and Historical Research and Writing	1122	\$28,050.00
5. Personal Mapping and Historical Research and Writing	43.5	\$1,087.50
TOTAL	2630.5	\$65,762.50

There are five work areas of my life, and one personal, so hence four business areas.

1. Business and Local History Administration

The third largest work area is administration, project and business planning, and management. All these terms have precise task descriptions. This is the work area of business costings and clients are not charged for this work.

2. Reading and Project Management (Research and Notation)

The work area is the initial stages of planning projects and writing abstracts and proposals. The clients are charged indirectly through contracts accepted and where time is charged throughout the project.

3. Education and Teaching (Research and Writing)

The work area is the teaching sessions, curriculum design and lesson preparation for public education organisations (mostly community Meet-Ups). No one is paying me for this professional work. It is the second largest work area.

4. Professional Mapping and Historical Research and Writing

The largest work area is my scholarly focus on mapping and philosophic historical research and writing. Currently, one client is underpaying for one of the projects in this area.

5. Personal Mapping and Historical Research and Writing

The work area is my personal workspace, and therefore the work is at my own personal cost.
