Hi Neville,

We have made several attempts to process the credit card information on file for your account, but all of our attempts have failed. As a result, your subscription will be canceled. You can still log in to your account to [update your credit card information](#).

If your subscription payment is not processed shortly, you will lose your status as your group's organizer and other members of your group will be given the opportunity to take over as the group's organizer. Please update your credit card information immediately to prevent this from happening.

Thank you,

Meetup's Community Support team

Well, Neil, Meet Up never followed through with what I had negotiated. Even trying to [update your credit card information](#), does not work. "The page you're looking for doesn't exist."

So, do you have any ideas? Maybe Michael as well, any ideas?

Kind regards,
Neville.
